EDITORIALS

407 Treating Diabetic Nephropathy: Unfinished Success Is Not Failure
Julia Lewis
See related article on pages 461–469.

410 Can We Prevent Sudden Cardiac Death in Dialysis Patients?
Charles A. Herzog
See related article on pages 491–500.

413 Comparing Dialysis Modalities for Critically Ill Patients: Are We Barking up the Wrong Tree?
Ravindra L. Mehta
See related article on pages 597–600.

415 Through the Looking Glass: Anemia Guidelines, Vested Interests, and Distortions
Julie R. Ingelfinger

ORIGINAL ARTICLES

Acute Renal Failure

418 North East Italian Prospective Hospital Renal Outcome Survey on Acute Kidney Injury (NEiPHROS-AKI): Targeting the Problem with the RIFLE Criteria
Dinna N. Cruz, Irene Bolgan, Mark A. Perazella et al.

426 Acute Kidney Injury after Gastric Bypass Surgery
Charuhas V. Thakar, Varsha Kharat, Sheila Blanck, and Anthony C. Leonard

431 Septic Acute Kidney Injury in Critically Ill Patients: Clinical Characteristics and Outcomes
Sean M. Bagshaw, Shigehiko Uchino, Rinaldo Bellomo et al.

Clinical Nephrology

440 Severity of Baseline Proteinuria Predicts Renal Response in Immunoglobulin Light Chain–Associated Amyloidosis after Autologous Stem Cell Transplantation
Nelson Leung, Angela Dispensieri, Martha Q. Lacy et al.

445 Adult Minimal-Change Disease: Clinical Characteristics, Treatment, and Outcomes
Meryl Waldman, R. John Crew, Anthony Valeri et al.

454 A Thiazide Test for the Diagnosis of Renal Tubular Hypokalemic Disorders
Giacomo Colussi, Alberto Bettinelli, Silvana Tedeschi et al.

Diabetes and the Kidney

461 Determinants of Progression from Microalbuminuria to Proteinuria in Patients Who Have Type 1 Diabetes and Are Treated with Angiotensin-Converting Enzyme Inhibitors
Linda H. Ficociello, Bruce A. Perkins, Kristen H. Silva et al.

Dialysis

470 Hemofiltration of Recombinant Hirudin by Different Hemodialyzer Membranes: Implications for Clinical Use
Kerstin Benz, Matthias A. Nauck, Joachim Böhler, and Karl-Georg Fischer

477 Estimating Preference Scores in Conventional and Home Nocturnal Hemodialysis Patients
Philip A. McFarlane, Andreas Pierratos, Ahmed M. Bayoumi, and Donald A. Redelmeier

484 Depression and Anxiety in Urban Hemodialysis Patients
Daniel Cukor, Jeremy Coplan, Clinton Brown et al.

Epidemiology and Outcomes

491 Predictors of Survival after Cardiac Arrest in Outpatient Hemodialysis Clinics
Patrick H. Pun, Ruediger W. Lehrich, Stephen R. Smith, and John P. Middleton
See related editorial on pages 407–409.

501 Kidney Function, Electrocardiographic Findings, and Cardiovascular Events among Older Adults
Bryan Kestenbaum, Kyle D. Rudser, Michael G. Shlipak et al.

509 The Burden of Chronic Kidney Disease among the Zuni Indians: The Zuni Kidney Project
Marina Scavini, Christine A. Stidley, Susan S. Paine et al.
