Correction

Danziger J, Zeidel ML. Osmotic homeostasis. *Clin J Am Soc Nephrol* 10: 852–862, 2015.

On page 860 within the above-referenced article, the following sentence was incorrect: "Recent gain-of-functions mutations in the vasopressin gene have been described, causing a 'SIADH-like' clinical picture with undetectable vasopressin levels, termed nephrogenic syndrome of inappropriate antidiuresis."

The sentence should have indicated that the mutations are in the V2 vasopressin receptor gene and should have read as follows: "Recent gain-of-function mutations in the V2 vasopressin receptor gene have been described, causing a 'SIADH-like' clinical picture with undetectable vasopressin levels, termed nephrogenic syndrome of inappropriate antidiuresis."
